

You can program? Prove it!

pro·gram·ming (prō'grām'ing) - Process of writing instructions for a computer

The Department of Computer Science & Engineering is organising a programming contest to identify the best programmers among the undergraduate students of the university with the following:

- ⇒ excellent problem solving capabilities
- ⇒ excellent C, C++ and/or Java programming skills
- ⇒ good knowledge of the Linux environment and tools

The best will win bragging rights throughout the university.

Deadlines	Description
6 October at 12:00	Every participant should register by filling a form available on http://cse.uom.ac.mu/ and to be submitted to either Sudha Cheerkoot-Jalim, Anwar Chutoo, Pascal Grosset or Avinash Meetoo (Office 2.17 – Phase II Building).
9 October at 12:00	The 40 selected will be notified via a poster on the notice board of the CSE department.
11 October at 14:00	The actual programming contest! The duration will be two hours and the students will have to solve up to 4 non-trivial problems.

The best candidates might be selected to represent the University of Mauritius in the ACM Regional Collegiate Programming Contest to be held in India very shortly.
